

Versa Light™ Access Ladder (MAL-2, 3, 4, 5 & 6)

The Mills Versa Light™ Aluminum Access Ladder is light weight thus providing a significant reduction in strain and fatigue for optimum worker productivity, yet durable. The ladders rungs are ribbed for superior traction and reinforced with corner gussets. These ladders are available in various connectable sizes.

Colour: Mill Finish

Size: Industry Standard Lengths

Custom sizes and colours available upon request.
